

Lead and Zinc Mining Project in Weixi

On 16 January 2009, the Department of Land and Resources of Yunnan Province has granted the Certificate of Approval for Exploration of Mineral Resources to Yunnan Tianda Mining. Based on the initial assessment on the minerals by the geological experts, the site is considered to hold potential deposits for lead and zinc. After obtaining the said certificate, Yunnan Tianda Mining has conducted exploration for lead and zinc at the specified area in Wadi Town, Weixi County of Yunnan Province.
